DECLARATION BY INVENTORS

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to
my name; and

I verily believe that I am an original, first and joint inventor of the subject
matter that is claimed in letters patent number 6,007,988 granted on **December 28, 1999**
and in the foregoing specification and for which invention I solicit a reissue patent;

ACKNOWLEDGMENT OF REVIEW OF PAPERS AND DUTY OF CANDOR

I hereby state that I have reviewed and understand the contents of the above
identified specification, including the claims.

I acknowledge the duty to disclose all information known to be material to the
patentability of this application in accordance with 37 C.F.R. 1.56.

PRIORITY CLAIM

I hereby claim foreign priority benefit under 35 U.S.C. 119 of any applications for patent or inventor's certificate listed below and have also identified below any foreign application for patent or inventor's certificate having a filing date before that of any application on which priority is claimed.

STATEMENT OF INOPERATIVENESS OF ORIGINAL PATENT 37. C.F.R. 1.175

That I believe the original patent to be

partly wholly

inoperative because of error or errors, all of which were without any deceptive intent on the part of the applicant, by reason of said patent claiming

more less

than patentee had a right to claim.

This reissue application

does does not

seek to enlarge the scope of said original patent.

(1) It was an error without deceptive intent to have failed to claim in the original patent a polypeptide comprising a designed zinc finger polypeptide and at least one functional domain.

(2) It was an error without deceptive intent to have failed to claim in the original patent a polynucleotide encoding a polypeptide including a designed zinc finger polypeptide and at least one functional domain.

(3) It was an error without deceptive intent to have failed to claim in the original patent a method for altering the expression of a chromosomal gene using a designed zinc finger polypeptide.

(4) It was an error without deceptive intent to have failed to claim in the original patent dependent claims from the composition and method claims described in paragraphs (1), (2) and (3) above.

DECLARATION

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements and the like so made are punishable by fine or imprisonment or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
